

# How To Buy A Digital Camera

with Ari Miller

**Register Today!!**  
**Seats Will Fill Quickly!!**

***With the holidays around the corner, is a digital camera on your list?***

***How will you choose from the hundreds of makes and models offered?***

***Are you counting on the expertise of the salesperson to guide you?***

One of the biggest advantages of digital photography is the tremendous savings found in not purchasing and processing film. But everything has its price...

The biggest investment is in the camera itself. Know what to buy, what to look for and, perhaps even more importantly, what to ignore. Have the tools and knowledge to make the right decision for your budget and needs.

This half-day seminar is all about how to make this decision easier and more wisely.

- Gain an understanding of the "Language of Photography"
- Learn what to look for in a new camera
- The straight facts on what else you need beyond the camera itself
- Have your questions answered
- Be provided a list of online resources for more information and unbiased reviews

This class can save you hundreds of dollars and hours of aggravation. It is time well spent.

**Saturday November 17th, 2007 from 1-4 p.m. at the Lincoln Cultural Center**

**Presented by the LCHA (Lincoln County Historical Association)**

**Send in the attached form or contact Jason Harpe at 704.748.9090**
