EDGECOMBE COUNTY.

AREA 500 Square Miles.

POPULATION 26,179; White 7,956, Colored 18,223.

EDGECOMBE COUNTY was formed from Craven in 1733, by the then Governor Burrington and his Council, and was confirmed by the Legislature, which met in Edenton in 1741. The name is Saxon, and according to Bailey's Dictionary, means "A valley surrounded by hills."

TARBORO, the county-seat, is situated on the Tar river, from which it takes its name, and is 76 miles east from Raleigh. Population 2,500—white, 1,300; colored, 1,200. Tar or Taw is the Indian name for "health."

Surface.—This county is situated on both sides of the Tar river; lies well; soil good, much of it rich—plenty of marl convenient for use on almost every farm. Edgecombe is in a higher state of cultivation than almost any other county in the State. Railroad and navigation facilities are fine.

Staples.—Cotton is the great staple of this county. Corn, grapes and sweet potatoes are produced to a considerable extent; also, peas, rice and chufas.

Timbers.—Pine and cypress, oak, hickory, gum, &c.

Fruits.—Peaches, apples, pears, cherries, plums and the small fruits.
