

NAMES OF RICHMOND COUNTY MEN WHO REGISTERED SEPT. 12TH, 1918, FOR WAR.

A total of 2679 men registered September 12th, 1918, in Richmond County for the war, of which number 1630 were white men, 1048 colored, and 1 Oriental.

The Post-Dispatch is making a big sacrifice in space and expense in presenting these names to its readers, but we feel the list is of historical value, and the registrants and members of their families should very properly attach a sentiment to it for its deeper meaning.

For many of the men named in this list, their signing up for selective service will be as near as they will come to active service with the armed forces, but by registering they have shown their willingness. For many others, registering was the first step toward valorous service in the life and death conflict with the Huns.

The Post-Dispatch is glad to publish this list of 2679 men. We would suggest that you preserve this list for years to come.

The figures on the left of the names are the serial numbers. The drawing to determine the order number of these men will be held in Washington about the first or second week in October.

The 2679 for this county is divided as follows: native born 2669, naturalized 4, declared aliens first papers 2, non declarant aliens 4. Whites 1630, colored 1048, Oriental 1. Number of men in different ages: 18 age, 284—19 age, 207—20 age, 197—21 age, 15—25 age, 1—30 age, 2—32 age, 92—33 age, 169—34 age, 176—35 age, 143—36 age, 143—37 age, 168—38 age, 173—39 age, 156—40 age, 139—41 age, 118—42 age, 133—43 age, 131—44 age, 107—45 age, 89. From this it is seen that the greatest number registered in the 18-year class (284), next were the 19-year olds (207), next the 20's (197), and next the 34's (176).
